Mr. Howard C. Brown
Assistant General Manager
Atomic Energy Commission
Washington, D.C.

Dear Howard:

This is to confirm our desire to extend through 30 June 1970 the Memorandum of Understanding between the Atomic Energy Commission and this Agency relative to work to be performed at the Sandia Laboratories. Because of budgetary uncertainties we are unable at this time to determine the exact level of effort that we will be able to fund during FY 1970.

However, in the interim, we are now committing an additional Agency in FY 1969 for work to be performed at the Laboratories for the Office of Scientific Intelligence.

If the foregoing arrangements are satisfactory with the Atomic Energy Commission, I shall appreciate your returning a copy of this letter to me with an acceptance endorsement. Please be assured that we will advise you as to the exact funding level for FY 1970 as soon as we are able to do so.

Sincerely,

Carl E. Bickett
Deputy Director
for
Science and Technology
